IMPACT

Through your generous sponsorship of the YMCA Golfing for Good Tournament, we were able to raise **\$124,229** to help fund life-changing youth development, drowning prevention and third-grade reading programs. Thank you for partnering to make our community better.

ABOUT Y READERS

Y Readers is the YMCA of Greater Charlotte's nationally-recognized literacy program designed to provide the additional support that students need to be proficient in reading by the end of third grade. The program, offered to families at no cost, focuses on improving students' literacy skills and self-confidence in the classroom. Y Readers serves more than 1,000 students annually across three school districts.

At an apartment community this summer, a young girl told one of the instructors during class, "Mr. Matthias, guess what I did this weekend? I saved a kid from drowning!" She shared that a young boy was swimming and went into the deep end but couldn't swim. She saw him struggling and used the "reach, throw, don't go" skills that she had learned in Safety Around Water to save the boy. Her mother later told Y staff that this was the second time she had used the skills she learned in the program to save another child from drowning.

ABOUT SAFETY AROUND WATER

Safety Around Water is the Y's on-site water safety program that engages low-income youth living in local apartment communities where pools are often without lifeguards. The 8-session course, taught by certified YMCA swim instructors and lifeguards, teaches children basic water safety and swimming skills that reduce their risk of drowning and give them confidence in and around water.
