

TEAM CHALLENGE INFORMATION

Our 14th annual Team Challenge allows area businesses & community groups to compete for recognition as the organization that best exemplifies a commitment to healthy living & social responsibility in the Greater Charlotte area. Teams are recognized based on company / organization size in Charlotte. Past champions include Clariant, Metso Power, Alston & Bird LLP, RSM and Duke Energy.

Benefits of participating in the Team Challenge:

- Showcase your organization to over 3000 runners, spectators, vendors and volunteers on race day
- Foster friendly competition and team building as you compete against other Charlotte businesses / organizations for bragging rights
- Give back to the community through fundraising for the YMCA Annual Campaign and volunteering on race day

We determine the Team Champion based on:

- **Team Engagement**
- **20 points for each runner / walker above the 10 participant minimum**
- **10 points for each volunteer**
- **Team Spirit**
- **30 points for entering a T-shirt design**
- **50 points for winning the T-shirt design competition**
- **Giving Back**
- **5 points for every \$100 donated to the YMCA's Annual Campaign**

Represent your company or community group by competing in the 5K, half-marathon or relay. Not interested in running? Volunteer on race day instead. A minimum of 10 runners / walkers is required - there is no maximum.

Ready to commit to the Team Challenge?
