## KNOW BEFORE YOU GO!

### YMCA of Greater Charlotte Pools & Waterparks Update

**Lap Swim** – [Reservations](#) remain in place at all locations with a maximum of two swimmers per lane. If individuals that have reserved the lane would like to have more than 2 swimmers, that is allowed.

**Water Fitness** – [Reservations](#) are required at all locations to reserve a space in our water fitness classes. While our capacity has increased, there are still capacity limits due to instructor-to-participant ratio.

**Pool Capacity** – There are no reservations needed to visit our indoor/outdoor pools for open swim. Check pool schedules per branch for updated hours. Our summer camp programming impacts pool hours, and schedules for closures may vary. Due to shortages in lifeguards, we will maintain our capacity tracker on our website for all pools. Please check [our app](#) for updates before visiting.

**Programming** – There are no COVID-19-related capacity limits for [Swim Team](#), [Masters Swim](#), and [Swim Lessons](#). We will maintain ratios per our guidelines.

**Equipment** – Kickboards, pool buoys, weight belts, water weights, fins (if available) will be open for member use. We encourage members and participants to sanitize any borrowed equipment before and after use with disinfecting wipes.

**Lifejackets & Toys** – It is encouraged to bring your own U.S. Coast Guard approved flotation device; however, we will provide one if needed. It is encouraged to sanitize with provided disinfectant before/after each use. While toys will be allowed at our pools, we encourage limited sharing of toys outside of household members. Inflatable flotation devices like rafts, water wings and balls are not permitted.

**Cleaning and High Touch Areas** – Team members will continue to wipe down high touch surfaces throughout our facility at a minimum of every 2 hours. We will provide Sanitization Wipe Stations as well as disinfectant spray bottles and paper towels for members to sanitize chairs and other areas as desired.

**Spas, Sauna, and Steam Rooms** – Saunas and steam rooms are currently open. Our spas are under review at this time. We will update as soon as possible.

**Outdoor Pool Guests** – At this time, guests of members may be allowed based on capacity on a first come, first served basis.

- [For the outdoor pools at Sally's, Lake Norman, Keith, Simmons](#): Guests are welcome at the outdoor pools while there is available capacity during open swim hours.
- [For the outdoor pools at Brace, Harris, Morrison due to capacity](#): Guests are welcome at the outdoor pools during open swim hours only on Monday – Thursday based on capacity.
