IMPACT

In 2019, the Harris YMCA Sunny Harris Hutchinson Memorial Golf Tournament was able to raise **\$55,590 to help fund life-saving programs like Safety Around Water** because of generous sponsor support.

DROWNING PREVENTION

Three children die each day from drowning. What's harder to believe is that **88% of youth drowning incidents occur under adult supervision.** That's why teaching children how to be safe around water is not a luxury; it's a necessity. At the Y, we're committed to preventing drowning by giving kids the chance to learn the life-saving skill of swimming.

ABOUT SAFETY AROUND WATER

Safety Around Water is the Y's on-site water safety program that engages low-income youth living in local apartment communities where pools are often without lifeguards. The 8-session course, taught by certified YMCA swim instructors and lifeguards, teaches children basic water safety and swimming skills that reduce their risk of drowning and give them confidence in and around water. During summer 2019, the program served **1,020 children across 30 local apartment communities.**
